

Statement of purpose

Health and Social Care Act 2008

Part 2

Aims and objectives

Please read the guidance document *Statement of purpose: Guidance for providers*.

Aims and objectives

What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose

The Aims and Objectives of the Practice

Our aim is to provide modern, up-to-date, high quality medical care to all our patients in a friendly, relaxing environment, to maintain the traditional values of the "Family Doctor" and yet be in the forefront of future developments in General Practice. We are committed to continually improve the service we provide and to be responsive to patients needs and expectations.

Our service includes Ante-natal Care, Counselling, Dieticians, Nursing Homes, Immunisations, Injections, Minor Injuries, Minor Operations, Well Person Medicals, Non NHS Medical Examinations, Disease Clinics, Foreign Travel - advice and immunisations Cervical Screening and Family Planning. We also offer private services and complimentary services.

The Cross Keys Practice endeavours to deliver the best quality care possible to there patients at all times. The partners would like hear of any instances where the patient feels they have not recived the quality of care they feel they should have. We would encourage those patients speak to the Practice Manager or use the suggestion box located within the main surgeries.

Our principle is continunity of care and all clinicans and staff respect the privacy and dignity of all our patients by behaving in a professional manner at all times.
